

KANE COUNTY RESOURCE GUIDE

provided by

Updated: November 2022

Acknowledgments

Recently, a group of local Batavia Counselors came together in realization that anxieties and worries have become heightened during the COVID-19 pandemic to see what they can do to help our community get through these tough times. Together they formed the **Batavia Counselors' Collaboration** to build awareness of how they can help. The goal of this group is to provide resources and guidance to individuals and agencies that are overwhelmed, over-stressed and not sure how to manage life during these unknown times. To find out more about this group and their resources, go to their Facebook page: <https://www.facebook.com/BataviaCounselorsCollaboration/> or their website: www.bataviacounselorscollaboration.com.

A special thanks goes to BATV for helping with videos and getting them posted, Margaret Perreault of the Batavia Chamber of Commerce for helping to organize meetings with us and putting us in contact with important organizations and Mary Anne Callahan for keeping us organized.
